## PERSPECTIVE – A NOTE FROM LUCAS

Hello! My name is Lucas Sprague, and I am one of the Choir Vice Presidents. I have been involved with the Choral Department since freshman year and this will be my seventh year in showchoir. My perspective on the current state of the Choral Department is that this was never going to be easy. With the regulations set, it was unlikely that we were going to be able to sing the way we used to sing at concerts. However, I am quite ecstatic that we are still able to perform songs for our parents, even if it is at a limited capacity. To the freshmen, I want to welcome you to the Choral Department, and I hope you have a fun time here! You will find new friends here, and your current friendships will deepen through your time here. To the Sophomores and the Juniors, you will be the next leaders within the department. You can do great things for the Department, and you will be the ones who the freshmen look to for direction next year, so set a good example. I know that this time is not very conducive to typical choir performances and how we build community, so all of us need to work together to create a strong bond so that things can run as smoothly as possible. Now, I mentioned that the Choir Department builds community, one of the ways that you can help with that is by signing up to help with the Happy Hersey Halloween BOOlevard. Through this you will help both the Choir Department and the larger Arlington Heights community out by giving kids a way to trick or treat during the pandemic. Please sign up; it will help a lot and will be so worth it in the end!

## MOMMA'S CORNER
